Draft Alternatives Analysis Guide

The Safer Consumer Products (SCP) program is pleased to release the Draft Alternatives Analysis (AA) Guide. The guide will help responsible entities navigate the SCP Alternatives Analysis process and provide useful approaches, methods, resources, tools and examples of how to fulfill SCP's regulatory requirements. This guide is SCP's holistic Alternatives Analysis guidance which covers all phases of the SCP AA process.

You may download and comment on the Draft Alternatives Analysis Guide through the [Safer Consumer Products Information Management System \(CalSAFER\)](#). The comment period will extend until January 20, 2017. Stakeholder input is important to ensure the utility of the Guide.

Join our webinar on January 10, 2017 to learn about and discuss the Draft AA guide. Visit SCP's [Alternatives Analysis Guide web page](#) for information on the upcoming webinar.

Thank you for your interest and participation in Safer Consumer Products!
