

TO: NEC Correlating Committee

FROM: Linda Fuller

DATE: December 22, 2016

SUBJECT: Reorganization of NEC Panels

I am transmitting to you herewith the following action of the Standards Council (November 30 – December 1, 2016):

The Council approved the request of the NEC Correlating Committee to reorganize Code Making Panels 6 and 7 into a single Code Making Panel and also approved the reorganization of Articles. The Council directed that a call for individuals interested in serving on the reorganized Code Making Panel be published. All existing members of the Panel, as well as other interested individuals, are encouraged to apply. NFPA Staff will return to the Council with a proposed start-up roster and a recommendation for a panel chair. On approval of the new Code Making Panel's roster, the current Code Making Panels 6 and 7 will be disbanded.

CMP 2: Reassign Article 215-Feeders to CMP 10

CMP 4: Reassign Articles 225 and 230 to CMP 10

Combine existing CMPs 6 and 7: The resulting panel would become CMP 6. Its article assignments would be: Articles 310, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 382, 394, 396, 398, 399, 400, 402, Chapter 9, Tables 5 through 9 and Annex B.

CMP 10: Would consist of the following Articles: 215, 225, 230, and 240. Articles 215 and 225 both deal with feeders.

CMP 19: Change designation to CMP 7.

NOTE: Existing CMP 4, 6, 7, and 10 members will be asked to reapply for panel membership.

The change of panel number designation would not affect anyone on CMP 19.
